

- What:** Temporary Employee Parking Relocation
- Who:** All Airport Employees Who Park in the Main Employee Lot
- When:** July 20-August 1, 2026 (TENTATIVE)
- Where:** Relocation to Economy Parking Lot A
- Why:** Pavement Rehabilitation Improvements in the Employee Lot

Details

From July 20 to August 1, 2026, the Employee Lot will receive much needed pavement rehabilitation work. This effort is a continuation of the airport's commitment to providing all tenants and employees with exceptional facilities. **ALL VEHICLES** must vacate the Employee Lot during this time to ensure timely completion of this work. Vehicles that do not abide by this will be towed at the owner's expense.

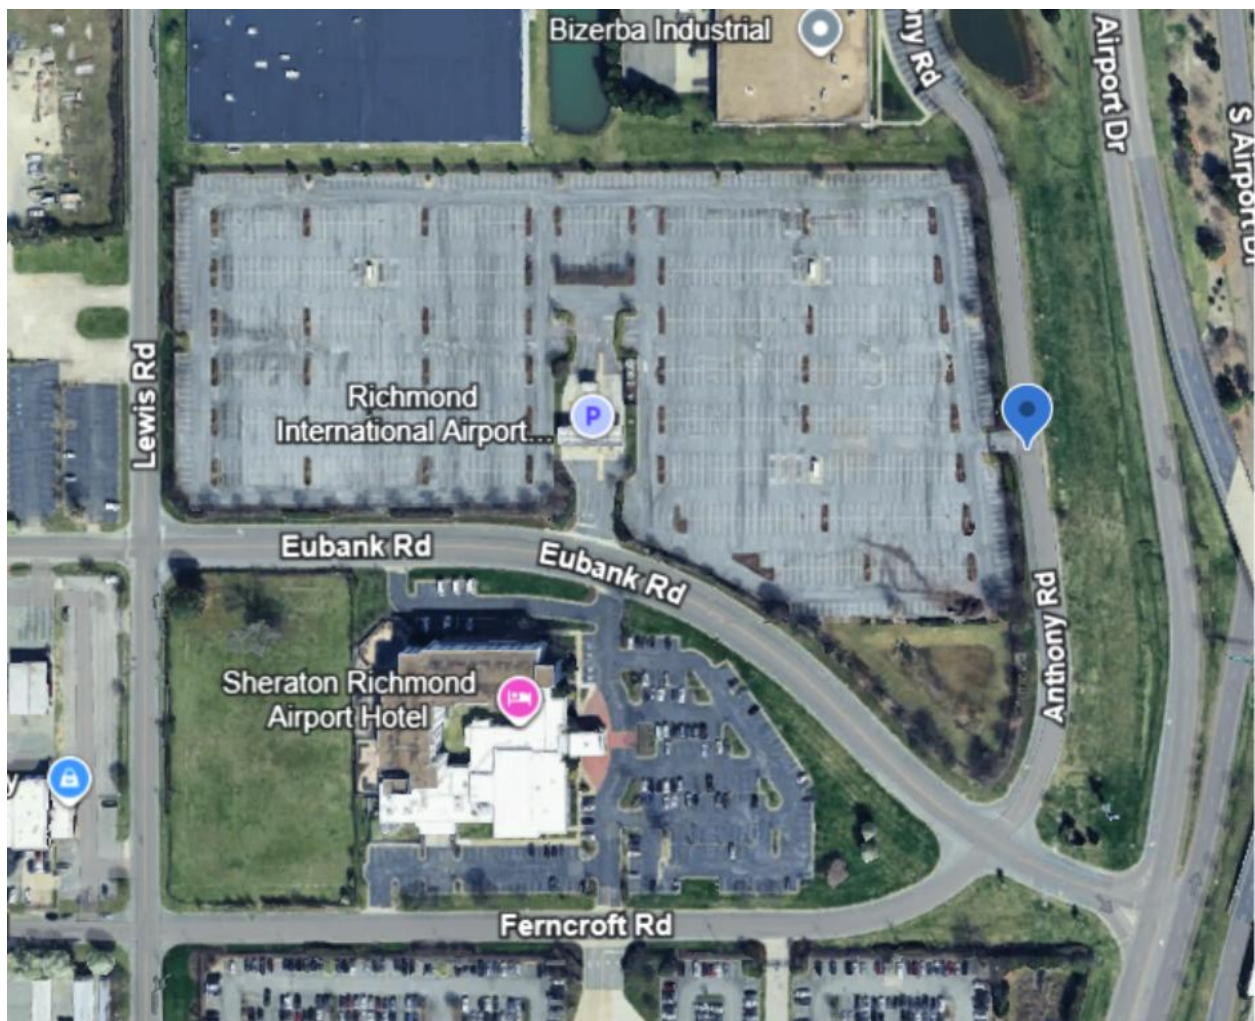

Employee Parking will temporarily be relocated to the airport's Economy Parking Lot A, which is located on Anthony Road and Eubank Road adjacent to the Sheraton Hotel. This facility will offer 24 ADA and Expectant Mother's spaces, which will be located in the center of the temporary facility (see diagram below). Airport Operations will monitor this facility for ADA/Expectant Mother parking and current year hangtag compliance. Violators will be forwarded to Airport Police for disciplinary action.

Airport Shuttles will operate 24/7 with additional frequency during peak periods to include shift changes. A more defined schedule will be distributed to all tenants and employees prior to this relocation. Shuttles will drop off and pick up on the Upper Level (Departures) adjacent to Door #1 and the Breeze Airways Ticketing Counter. **Employees are strongly encouraged to allow for an additional 20 minutes of commute time prior to shift start to ensure an on-time arrival.**

Employees are strictly prohibited from walking, biking, scootering, requesting an Uber or Lyft, or utilizing other means of transportation to and from this temporary employee parking facility. Employees must use the airport provided shuttle service without exception.

All questions and concerns should be forwarded to Landside Operations at Parking@flyrichmond.com.
